AQD-L100
Multifunctional Air Quality Detector

ZKTeco

Overview

AQD-L100 If you don't need smart functionality or an app, and you just want to be able to glance at a monitor and know what's going on in your air, we recommend the AQD-L100. Its easy-to-read screen can be read from across a room, and its tiny size and simple form make it easy to keep on a desk or bedside table. If you want a healthy home, you can transform your environment by monitoring the air quality anytime to be away from harmful particles and controlling airborne disease spread.
